Simple Rules of Order

1. An individual must be recognised by the chair before obtaining the floor to make a motion.
2. Once an individual has the floor, they may make a formal proposal or motion, beginning with the statement, "I move..."
3. Another individual must second the motion by saying, "I second the motion". This indicates that he or she agrees, in principle and that the proposal should be discussed.
4. Once a motion is made and seconded, the chair states the motion so that everyone is clear on what is being proposed. From this point until the motion has been voted on, all discussion focuses on the question,
5. After stating the motion, the chair asks if the assembly is ready for the motion or ready to vote on the proposal
6. If no one indicates a desire to speak to the issue, the chair puts the motion or conducts the vote by asking for those in favour and those opposed. The vote may be conducted by a show of hands, by standing or by ballot.
7. The majority needed to pass the motion should be stated in the school council operational procedures. 51% in case of a tie the motion is lost.
